Sells AI bred 4/14 to Silver Bullet 4604P#962964. Pasture exposed Bieber Romeo #1029616 (5/23 – 7/7). Vet checked to AI date (due 1/20)

Lass 5023 is an own daughter of the record setting Major League, a bull that sold for \$180,000 at the Leachman dispersal. Genex and a large group of Red Angus enthusiasts purchased this young stud, in the hopes that he would one day live up to the standard set by his maternal brother – LCC Grand Canyon (a bull that is increasing harder to come by). The dam is an own daughter of Glacier Marias 548, another bull that has been coveted within the breed for his excellent carcass qualities (semen has sold in the \$300 range over the past few years). The maternal grand dam is BJR TJ Lass 091-096, better known as Lass 226. 5023 has a lot of genetic upside. It's reflective in the 14.1 ribeye and 4.54 marbling scores.

Sells AI bred to 5/6 Bieber Romero 9136 #899669. Pasture exposed Bieber Romeo 10107 #1029616 (5/23 – 7/7). Vet checked to AI date (due 2/15)

Peacha 5006 is a daughter of ABS's low birth weight specialist-Above and Beyond (-8.1 BW). He is also a brother to another ABS bull-Cheyenne. A great lineage is built into this heifer. The dam is a sound daughter of Hi Roller 8106 that goes back to a cow we purchased from Buffalo Creek Red Angus in Wyoming. Great carcass values on this heifer, 5.87 IMF and one of the largest ribeyes in the sale-13.9 (1.57 per 100Lbs. is extremely high).

Sells AI bred 4/14 to Silver Bullet 4604P#962964. Pasture exposed Bieber Romeo #1029616 (5/23 – 7/7). Vet checked to AI date (due 1/20)

Maggie 5029 is a real barnburner. Exceptional cow family, that traces back to one of our original cows we purchased from Ray Brickl, Spring Green, and Wi. She became known as our Maggie #1 cow, the first cow born on the farm. Ultra thick, she was the top cow we had for a number of years. This is another Major League heifer that carries the service of one of the top young bulls in the business, Silver Bullet 4604P.

Sells AI bred 4/14 to Schuler Silver Bullet 4604P #962964. Pasture exposed Bieber Romeo #1029616. Vet Checked to natural date (due 3/25) It does get better than a Cherokee Canyon on top of a growth leader – Robin Hood 1127B! Our donor 94K has since been sold in her entirety to Ner Farms, Shawano, WI. We have a number of daughters in production at Shamrock. All have great udders, and are all producing above herd levels. Because of this- we felt comfortable letting these two ET sibs prove their worth for someone else. Don't look back.

Sells AI bred 4/14 to Schuler Silver Bullet 4604P #962964. Pasture exposed Bieber Romeo10107 #1029616 (5/23 - 7/7). Vet checked to AI date (due 1/20) Marby-Dee 5095's dam is an outstanding young female. She has already produced a heifer that sold to our good friend from Georgia-Tom Venable. We know Tom has big plans for her. Mr. Marbling sold in the 2000 Leachman Bull Sale for \$32,000. He is a carcass driven bull, as you can expect from a Logan / EBV 3531 / Eleanor cross. He currently walks the pastures of Jeff and Gail Schneider in Rio, Wisconsin.

 This bred heifer is the end result of one of the top cow families at Shamrock. In fact, we lost her dam this past summer to a stifle injury. It was a real blow to our herd. She represented so many of the positive qualities Red Angus has been known for. If you study Hidee 5154's pedigree, you will find a maternal grand sire named KFD Red Runner A106. This is the bull that was a driving force behind Ray Brick's outstanding cowherd.

 Full Value is an ABS sire that originated from the 2001 Leachman Bull Sale. He combines two of the breed's major carcass bulls, EBV 6703 and Glarier Marias. The Dam is a daughter of Rambler 5162, one of Red Angus most proven female producers. You can expect great udder quality, and a lot of longevity from his daughters.
